Introduction

About the HCPC
We are the Health and Care Professions Council. We are a regulator of health and care professionals and our job is to protect the health and wellbeing of people who use the services of the health and care professionals registered with us.

To protect the public, we set standards that health and care professionals must meet. Our standards cover health and care professionals’ education and training, behaviour, professional skills and their health. We publish a Register of health and care professionals who meet our standards.

We currently regulate 16 professions:
- Arts therapists
- Biomedical scientists
- Chiropodists / podiatrists
- Clinical scientists
- Dietitians
- Hearing aid dispensers
- Occupational therapists
- Operating department practitioners
- Orthoptists
- Paramedics
- Physiotherapists
- Practitioner psychologists
- Prosthetists / orthotists
- Radiographers
- Social workers in England
- Speech and language therapists

How we are run
We are governed by legislation called the Health and Social Work Professions Order 2001. This lays out our responsibilities and it gives us our legal authority to carry these out. We have a Council which is made up of registered health and care professionals and members of the public. This Council sets our strategy and policy and makes sure we are fulfilling our duties under the Health and Social Work Professions Order.

About registration
Health and care professionals must register with us in order to use the protected title for their profession. This means that even if you have completed a course in, for example, physiotherapy, you are still not able to call yourself a physiotherapist unless you are registered with us.

Registration shows you meet our standards for your profession. Registration shows the public that health and care professionals are fit to practise and they are entitled to use the protected title(s) for their profession. It shows the people on our Register are part of a profession with nationally recognised standards set by law.

When we say someone is ‘fit to practise’, we mean they have the skills, knowledge, character and health to practise their profession safely and effectively.

Applying for registration
Completing an approved course does not guarantee someone will become registered. It shows us the applicant meets our professional standards and is eligible to apply for registration. We need additional information from them in order to be able to register them.

The information provided by applicants helps us to know that:
- they are who they say they are;
- they meet our standards; and
- we can contact them if we need to.
Meeting our standards
Everyone on our Register must meet the standards of proficiency we have set. The standards of proficiency are the professional standards which health and care professionals must meet in order to be registered. If you need a copy in an alternative format, please contact us. Our contact details can be found at the front of this form. The standards of proficiency are made up of generic standards, which all registered health and care professionals must be able to meet, and profession-specific standards, which only apply to one profession.

Protected titles
Each of the professions we regulate has at least one protected title. Anyone who uses one of these titles must be on our Register. Anyone who uses a protected title who is not registered with us is breaking the law and could be prosecuted.

If you have been out of practice for more than two years, or qualified more than five years ago but have never practised your profession, you will need to undertake a period of updating your skills and knowledge before you can become registered. As well as the main application form, you must also complete the relevant return to practise forms which can be found on our website at: www.hcpc-uk.org/apply

General information on completing the forms
To make sure we can process your form, please complete it in black ink and block capitals. Please mark boxes with a cross. If you run out of space please continue on a separate piece of paper. You must answer all the questions as fully as possible.

Please do not send us original documents as your application will be destroyed once it has been processed. Instead, please send certified copies of documents.

Sending us your application
Please send your application when you are ready to start practising your profession and / or using the protected title(s). Your application should be sent to the Registration Department at the contact address on the front of this form. Outcomes of an application

Incomplete applications
If your application is incomplete we will return it to you and ask you to resubmit it. Please do not send individual documents separate from your application as these will be returned to you. We will use the information you provide for a number of purposes. This can include contacting organisations and individuals named in your application, including professional bodies, education providers, places of work and referees.

Successful applications
If your application is successful, we will:
- put your name on the Register;
- send you a letter on the day we register you.

With your name on our Register you will be able to practise using the relevant title(s) of your profession.

The publicly available Register shows:
- name;
- registration number;
- profession of registrant;
- duration of current registration;
- approximate geographical area in which the registrant practises (eg Guildford - not full address);
- registration status; and
- annotation (if applicable).

Rejected applications
Your application may be rejected if we believe you do not meet our standards of proficiency or our health and character requirements. Please note your application can only be assessed based on the information you provide with your form. If your application is rejected you can appeal against the decision. You may also reapply, submitting a new form, supporting documents and registration fee.

If you appeal, you will need to provide the grounds for your appeal (i.e. why you believe that the decision taken is wrong) and follow the appeals procedure.

The appeals process
If your application is rejected you have 28 days following the date of the letter rejecting your application to write to us setting out concise grounds of appeal against the decision. We will then provide you with further information on the appeals process.
**Fraudulent applications**
If you falsify information about your identity or any other aspect of your application, the HCPC will suspend your application pending an investigation. If such information becomes known to us after you have been registered, an investigation will be launched and your registration may be suspended or terminated. It is a criminal offence to fraudulently obtain registration with the HCPC. You may be committing a criminal offence if you supply false information and you may be prosecuted.

### Section 1 Registration details

**Previous applications**
If you have previously applied for registration with the HCPC, the Health Professions Council (HPC) or our predecessor the Council for Professions Supplementary to Medicine (CPSM), please tell us:

- your application number;
- when you applied (an approximate date if you cannot remember exactly);
- the type of application you made (eg UK, international, grandparenting); and
- any further information (eg you withdrew your application).

**Social workers only**
The GSCC is the General Social Care Council, which was the regulator of the social work profession and education in England until 1 August 2012. The other three UK care councils are the Scottish Social Services Council (SSSC), the Care Council for Wales (CCW) and the Northern Ireland Social Care Council (NISCC) in Scotland, Wales and Northern Ireland respectively. If you have ever been registered or applied for registration with any of the above councils, please tell us:

- your registration (or application) number;
- when you applied (an approximate date if you cannot remember exactly); and
- any further information (eg you withdrew your application).

---

### Section 2 Contact details

It is essential that your personal contact details are kept up-to-date. This is a requirement of the Health and Social Work Professions Order 2001. For security reasons we are unable to accept changes of personal details by email.

**Name change**
If the name you wish to be included on the HCPC Register differs from the name you qualified in or the name on your identification documents, you will need to provide a **certified** photocopy of the relevant document (eg marriage certificate / deed poll).

**Home address**
We ask you to give us your main home address. This address is not published on the publicly available Register, but is required by us for all HCPC correspondence. You can change your address over the telephone or by writing to us.

**Work address**
The work address you give us should be for your main place of work. Members of the public will be able to see on our Register the approximate geographical area in which you practise (eg Guildford). If you are not currently practising you can leave this section blank and contact us as soon as you are able to give us a work address. You can change your address over the telephone or by writing to us.

**If you change your home or work address either during the application process or after you are registered, you must notify us.**

**Agencies**
All correspondence from the HCPC will be sent to the applicant only. This means you must provide a home address and not the address of an agency. Please be aware if you provide an agency address your application will be returned to you.
Section 3 Character and health self declarations / Vetting and Barring schemes

We must check the health and character of everyone that applies to join our Register. This is to make sure that applicants will be able to practise safely and effectively within their profession. We can also take action against a registrant if their health and character raises concerns about their ability to practise safely and effectively.

When making decisions about character, we look at whether someone is of ‘good character’ or whether there is any evidence of past actions which might suggest that the person is not of ‘good character’. Evidence that someone might not be of ‘good character’ could include evidence of untrustworthiness, dishonesty, actions which harmed a service user or a member of the public or actions which might affect the public’s confidence in the registered professions.

When we talk about ‘health’ we mean health conditions which may affect an applicant’s fitness to practise. We are not asking whether an applicant is ‘healthy’. This is because someone may be unwell or may have a health condition which they manage appropriately but they may still be able to practise their profession safely. We do not need information about any health condition unless it affects your fitness to practise. We recognise that a disability may not be seen as a health condition. So, we only need information about a disability or health condition if it affects your fitness to practise.

Having a disability should not be seen as a barrier to becoming a health and care professional. We have produced guidance for disabled applicants called A disabled person’s guide to becoming a health and care professional which you should refer to for more information on this issue.

If you answer ‘yes’ to any of the questions in this section, please read our brochure Guidance on health and character which can be found on our website at www.hcpc-uk.org/publications

Character
You must declare to us any convictions or police cautions that you have received. Failure to do so may lead to you being removed from the Register.

The Rehabilitation of Offenders Act 1974 does not apply to an application for admission to the HCPC Register so any declaration must include convictions or cautions which are ‘spent’ under that Act, other than a protected conviction or protected caution.

Some convictions and cautions are ‘protected’ from disclosure. That protection (which is sometimes referred to as “filtering”, as the conviction or caution will be filtered from the information included in any disclosure certificate) is provided by the following Orders:

• in England and Wales: the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975;
• in Scotland: the Rehabilitation of Offenders Act 1974 (Exclusions and Exceptions) (Scotland) Order 2013;
• in Northern Ireland: the Rehabilitation of Offenders (Exceptions) Order (Northern Ireland) 1979.

A conviction or caution will NOT be protected if it is for a ‘listed offence’ under one of those Orders. Listed offences include serious violent and sexual offences and offences which are of specific relevance to the safeguarding of children and vulnerable adults. A conviction or caution for a listed offence must always be disclosed to the HCPC.

Further guidance on protected conviction and cautions and listed offences may be found on the following websites:

In England and Wales, the Disclosure and Barring Service: (www.gov.uk/government/organisations/disclosure-and-barring-service)
In Scotland, Disclosure Scotland: (www.disclosurescotland.co.uk)
In Northern Ireland, AccessNI: (www.nidirect.gov.uk/campaigns/accessni-criminal-record-checks)

Health
You are also asked to provide us with information about your health that may affect your practice, this does not necessarily mean we will not register you. Instead, we will consider the information provided to decide whether we need to ask a registration panel to consider your application.
Vetting and Barring

Vetting and Barring schemes have been introduced across the UK to make sure that unsuitable individuals are not able to work with children or vulnerable adults.

You must tell us if you have been barred under either the Protection of Vulnerable Groups Act 2006 and / or the Protection of Vulnerable Groups (Scotland) Act 2007 from working with children or vulnerable adults.

Section 4 Education and training

Applying if you have completed a UK approved programme

Please tell us the title of your approved programme the start and end dates of your approved programme and the name of the education provider. You do not need to send us a copy of your award certificate unless you successfully completed a UK approved programme more than two years ago.

Please note:

- If you are applying for registration as a biomedical scientist and you obtained a certificate of competence awarded by the Institute of Biomedical Science (IBMS) before September 2010, you must include a certified photocopy of this document with your application.
- If you are applying for registration as a clinical scientist and you obtained a certificate of attainment awarded by the Association of Clinical Scientists (ACoS) before September 2010, you must include a certified photocopy of this document with your application.
- If you are applying for registration as a paramedic and you obtained a paramedic award from the Institute of Health Care Development (IHC) before September 2010, you must include a certified photocopy of this document with your application.
- If you are applying for registration as a practitioner psychologist and hold more than one approved qualification, please complete a separate education and training form for each programme. You must include the start and end date with the title of the approved programme and the relevant education provider for each qualification obtained.

If you successfully completed a UK approved programme more than five years ago and you have not been practicing you will be subject to additional requirements. For more information, please see details on our website at www.hcpc-uk.org/apply/uk/historical/

Section 5 Practice outside the United Kingdom (UK)

If you have not been registered for two years or more, but have practised your profession outside the UK during the last two years, you do not need to undertake a period of updating. If this applies to you, please complete Section 5 of the form.

If you have worked for more than one employer, please photocopy or print off as many copies of this section as you need.

Section 6 Paying your fees

You must pay a scrutiny fee and a registration fee at the point of application.

Scrutiny fee

The fee we ask you to send with your application is called a scrutiny fee. This is a one off non-refundable payment of £63. We cannot process your application without this payment.
**Registration fee**
You must also pay your registration fee at the point you apply for registration. The registration fee for the two-year registration cycle is £180 (£90 per year). The registration fee is reduced by 50 per cent if you have successfully completed a UK approved programme within the last two years. Payments must be made in UK Sterling and drawn on a bank based in the UK. Your payment should be crossed and made payable to ‘Health and Care Professions Council’. Please write your full name and address on the reverse side of your payment and ensure that it is not post-dated. Please note all amounts include the scrutiny fee.

**Registration cycle**
Your registration cycle is biennial (two-yearly) and is made up of two ‘professional years’. The table towards the end of this section details the professional years for each profession we regulate.

Before you send us your application you need to decide whether you wish to pay the full registration fee or wish to spread the cost by paying by direct debit.

If you do not wish to set up a direct debit you will need to pay in full by cheque or money / postal order. You need to send us a payment of £243 with your application form. Payments must be made in UK Sterling and drawn on a bank based in the United Kingdom (UK). Your payment should be crossed and made payable to ‘Health and Care Professions Council’. Please write your full name and address on the reverse side of your payment and ensure that it is not post-dated.‘

If you wish to spread the cost of registration please fill in the direct debit instruction. You will need to pay up-front for your first year of registration by sending us a cheque or money / postal order for £153. The remainder of your fee will be deducted from your bank account in two separate £45 instalments. Once you have been registered, we will write to you to tell you the actual dates the amounts will be deducted from your account.

**Applying within two years of completing an approved programme**
If you have successfully completed a UK approved programme within the last two years you are entitled to a 50 per cent discount for the first two-year registration cycle. Your initial registration payment for the first two professional years is £90 (£45 per year).

**Free period**
If you are registered for less than six months before the start of the next professional year, you will receive this period free of charge. Please note, this free period only applies to applicants who have successfully completed a UK approved programme within the last two years. You still need to send a payment with your application but this will be used in payment for the first full professional year. If you apply at any other time, you will be charged at the reduced rate for this period in addition to the following two full professional years.

**Applying if you completed a UK approved programme more than two years ago**
The full registration fee is payable if you apply to be registered at any point in the professional year, even if only for a few days. If you do not need registration immediately in order to work, you may wish to check when your new professional year starts and apply for registration at the start of a new professional year. The following table shows the professional years for each profession we regulate.

**Section 7 Declarations**

HCPC can only process your application if you have signed this declaration. The declaration must be signed within six months of the date you send us your form. You should make sure that you fully understand the declaration before signing it. It is illegal to fraudulently procure an entry onto the HCPC Register. If you do this, you may be subject to prosecution.

**Professional indemnity**
If you are a registrant (other than a social worker in England), you now have to make sure that you have a professional indemnity arrangement in place as a condition of your registration with us. This means the following:

- You must make sure you have a professional indemnity arrangement in place when you practise. This could be an arrangement provided:
  - through your employer if you are employed;
  - as part of membership of a professional body, trade union or defence organisation; or
  - directly from an insurer.

Or, it could be a combination of the above.

- You must make sure that the professional indemnity arrangement you have in place provides appropriate cover. This means that the cover needs to be appropriate to the risks involved in your practise so that enough compensation will be paid if a successful claim is made against you.

- If you are employed, your employer’s indemnity arrangements are very likely to provide appropriate cover for the activities that you perform as part of your job.
• If you are self-employed, you will need to make sure that you have put in place your own arrangements for professional indemnity.

• If you carry out both employed and self-employed work, you need to make sure that you have professional indemnity arrangements in place which provide appropriate cover for all parts of your practise.

• If you are registered with us but are not currently practising, you do not need to have a professional indemnity arrangement in place. However, you will need to make sure that you do have this arrangement when you begin to practise.

• If you are registered with us as a social worker, this condition of registration does not apply to you.

Appendix: Other helpful information

Our standards
Please read the following two documents before submitting your application:
• Standards of conduct, performance and ethics
• Standards of proficiency

Copies of these documents can be found on our website at www.hcpc-uk.org or by contacting us directly. Please see page one for our contact details.

Continuing professional development
As a condition of your registration with us, you need to undertake continuing professional development (CPD). Every time you renew your registration, you need to sign to confirm you are undertaking CPD (for social workers this will apply from 2014). Whenever your profession renews its registration, a sample of your profession will be randomly selected for audit, to check our CPD standards are being met. To find out more about CPD, our standards and the audit process, please see our brochure Your guide to our standards for continuing professional development.

How to keep your name on the Register
Once you have been registered, you will need to renew your registration every two years. To make sure your name stays on the Register, you must:
• pay your registration renewal fee;
• renew your registration online; and
• if you are randomly selected, submit your CPD audit information.

We will send you more information about renewing your registration around three months before your registration expires.
