Review of the ‘Declaration to the Health Professions Council (HPC) about the temporary provision of services’ (‘Temporary registration declaration’)

Introduction
This paper provides an explanation of changes made to the following document:

- Declaration to the Health Professions Council (HPC) about the temporary provision of services (‘Temporary registration declaration’)

Decision
This paper is for information only.

Background information
Temporary registration is governed by Directive 2005/36/EC, which enables professionals qualified in one member state to exercise free movement rights on a temporary and occasional basis in another member state within the European Economic Area and Switzerland. That Directive is given effect in the UK by the European Communities (Recognition of Professional Qualifications) Regulations 2007 which came into effect on the 20 October 2007.

To date the HPC accepted temporary registration declarations made in the form of the European Commission template for Directive 2005/36/EC.

However, as the number of temporary registration declarations received by the HPC is increasing and some applicants are seeking to renew rather than make declarations, a HPC-branded declaration form has been developed which will enable more information to be obtained from declarants (within the constraints of EU law). The new form is consistent with both other HPC admission forms and the European Commission template.

The main changes to the form are:

- the inclusion of concise guidance notes for declarants;
  
  (See pages 1 and 2)

- the addition of a question relating to any previous registration history with the HPC in point 1.3.
  
  (See page 3)

- the use of a more self-explanatory style, written in plain English.
• use of a layout and style which is consistent with other HPC-branded application forms.

The changes to the declaration are being reviewed by the solicitor to the Council. The ETC is asked to note that some minor changes may be made to the document following this.

What is temporary registration?
Temporary registration is governed by the Directive 2005/36/EC, which makes it easier for qualified professionals to exercise free movement rights. That Directive is given effect in the UK by the European Communities (Recognition of Professional Qualifications) Regulations 2007 (the Regulations).

Temporary registration applies only to those visiting health professionals who wish to provide services in the UK on a temporary and occasional basis. Once registered, the health professional is entitled to use their Home State title, in the language of that State, and cannot use one of the titles regulated by the HPC.

What professions does HPC regulate?
The HPC Register currently consists of the following professions:

- Part 1  Arts therapists
- Part 2  Chiropodists / podiatrists
- Part 3  Clinical scientists
- Part 4  Dietitians
- Part 5  Biomedical scientists
- Part 6  Occupational therapists
- Part 7  Orthoptists
- Part 8  Paramedics
- Part 9  Physiotherapists
- Part 10  Prosthetists / orthotists
- Part 11  Radiographers
- Part 12  Speech and language therapists
- Part 13  Operating department practitioners
- Part 14  Practitioner psychologists
- Part 15  Hearing aid dispensers

**Criteria for temporary registration:**
In order to apply for temporary registration with the HPC you must:
- be a national of a relevant European State or have similar acquired rights;
- be established to practise a relevant profession within a relevant European State other than the UK; and
- have moved to the UK to provide professional services on a ‘temporary and occasional’ basis, having regard to the duration, frequency, regularity and continuity of those services.

**Where can you find out more about temporary registration?**
- You can visit the European Commission’s website at http://ec.europa.eu/internal_market/qualifications/future_en.htm
- You can visit our website at http://www.hpc-uk.org/apply/temporary/
  This page provides useful information about temporary registration. You can also download the full text of the Directive 2005/36 there.

- The UK National Contact Point (www.ukncp.org.uk) provides information about the temporary provision of services. You may also contact the National Contact Points in your state of professional establishment.

**Renewal of your declaration**
Temporary registration is provided for a period of one year but may be renewed. Decisions on the renewal of temporary registration are made on a case by case basis, to ensure that services are being provided on a temporary and occasional basis consistent with the Regulations.
With any renewal declaration you must submit current evidence of your establishment to practise your profession in another relevant European State.

**Supporting documents**
Please note that in order for your temporary registration declaration to be considered you must submit:
- a temporary registration declaration form,
- proof of EEA or Swiss nationality or similar acquired rights (certified copy),
- proof of legal establishment to practise your profession in another relevant European State or, in States where the profession is unregulated, appropriate proof of having practised the profession for at least two out of the last ten years). (This document must be an original),
- proof of your professional qualifications (certified copy).

**Translations**
All documents other than proof of nationality must be translated into English. The HPC only accepts certified translations of documents.

**Original documents**
Please do not send us any original documents which you may need in the future. Completed applications and declarations received by HPC are our property and will not be returned.

**Our standards**
Before submitting the declaration to us you must ensure that you have read and understood our standards of conduct, performance and ethics. You can download this document from the ‘Publications’ section of our website.

**Processing your declaration**
Please allow approximately four weeks from when we receive your documents for your application to be processed.

If your application is completed correctly and accompanied by all the supporting documents your name will be added to the list of visiting health professionals published on our web site. You can view this list at http://www.hpc-uk.org/apply/temporary/

If your application is incomplete it will be returned to you with advice on completing it. Once completed and returned to us the application will be processed within approximately four further weeks.

We may make further enquiries related to the information provided by you, such as contacting competent authorities or employers.

**The HPC may refuse registration or renewal of your registration if you give false information, withhold relevant details or do not meet the criteria for temporary registration.**
