Executive Summary

We are the Health and Care Professions Council (HCPC), a regulator set up to protect the public. We set standards for education and training, professional knowledge and skills, conduct, performance and ethics; keep a register of professionals who meet those standards; approve programmes which professionals must complete before they can register with us; and take action when professionals on our Register do not meet our standards.

The following is a report on the approval process undertaken by the HCPC to ensure that programme(s) detailed in this report meet our standards of education and training (referred to through this report as 'our standards'). The report details the process itself, the evidence considered, and recommendations made regarding programme approval.

Section 1: Our regulatory approach

Our standards

We approve programmes that meet our education standards, which ensure individuals that complete the programmes meet proficiency standards. The proficiency standards set out what a registrant should know, understand and be able to do when they complete their education and training. The education standards are outcome focused, enabling education providers to deliver programmes in different ways, as long as individuals who complete the programme meet the relevant proficiency standards.

Programmes are normally [approved on an open-ended basis](#), subject to satisfactory engagement with our monitoring processes. Programmes we have approved are listed [on our website](#).

How we make our decisions

We make independent evidence based decisions about programme approval. For all assessments, we ensure that we have profession specific input in our decision making. In order to do this, we appoint [partner visitors](#) to undertake assessment of evidence presented through our processes. The visitors make recommendations to the Education and Training Committee (ETC). Education providers have the right of reply to the recommendation of the visitors, inclusive of conditions and recommendations. If an education provider wishes to, they can supply 'observations' as part of the process.

The ETC make decisions about the approval and ongoing approval of programmes. In order to do this, they consider recommendations detailed in process reports, and any observations from education providers (if submitted). The Committee meets in public on a regular basis and their decisions are available to view [on our website](#).

HCPC panel

We always appoint at least one partner visitor from the profession (inclusive of modality and / or entitlement, where applicable) with which the assessment is concerned. We also ensure that visitors are supported in their assessment by a member of the HCPC executive team. Details of the HCPC panel for this assessment are as follows:

Gary Dicken	Social worker
Diane Whitlock	Lay
John Archibald	HCPC executive

Other groups involved in the approval visit

There were other groups in attendance at the approval visit as follows. Although we engage in collaborative scrutiny of programmes, we come to our decisions independently.

Janette Grey	Independent chair (supplied by the education provider)	University of Central Lancashire
Suzanne Juniper	Secretary (supplied by the education provider)	University of Central Lancashire
Janet Sweeney	External panel member	Blackburn with Darwen Borough Council
Steve Myers	External panel member	University of Salford

Nigel Garrett	Internal panel member	University of Central Lancashire
Christy Evans	Internal panel member	University of Central Lancashire

We undertook this assessment of a new programme proposed by the education provider via the approval process. This involves consideration of documentary evidence and an onsite approval visit, to consider whether the programme meet our standards for the first time.

Section 3: Requirements to commence assessment

In order for us to progress with approval and monitoring assessments, we ask for certain evidence and information from education providers. The following is a list of evidence that we asked for through this process, and whether that evidence was provided. Education providers are also given the opportunity to include any further supporting evidence as part of their submission. Without a sufficient level of evidence, we need to consider whether we can proceed with the assessment. In this case, we decided that we were able to undertake our assessment with the evidence provided.

Type of evidence	Submitted
Completed education standards mapping document	Yes
Information about the programme, including relevant policies and procedures, and contractual agreements	Yes
Descriptions of how the programme delivers and assesses learning	Yes
Proficiency standards mapping	Yes
Information provided to applicants and learners	Yes
Information for those involved with practice-based learning	Yes
Information that shows how staff resources are sufficient for the delivery of the programme	Yes
Internal quality monitoring documentation	Yes

We also usually ask to meet the following groups at approval visits, although there may be some circumstances where meeting certain groups is not needed. In the table below, we have noted which groups we met, along with reasons for not meeting certain groups (where applicable):

Group	Met
Learners	Yes

Service users and carers (and / or their representatives)	Yes
Facilities and resources	Yes
Senior staff	Yes
Practice educators	Yes
Programme team	Yes

Section 4: Visitors' recommendation

In considering the evidence provided by the education provider as part of the initial submission and at the approval visit, the visitors recommend that there is sufficient evidence to demonstrate that our standards are met, and that the programme(s) are approved.

This report, including the recommendation of the visitors, will be considered at the 06 November 2019 meeting of the ETC. Following this meeting, this report should be read alongside the ETC's decision notice, which are available [on our website](#).
