Guidance for Panel Chairs

In deciding whether to agree that a programme should continue to be approved, the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' report and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision.

Decision
That the programme continues to meet the standards of education and training and the programme should continue to be approved.
Reasons
The visitors' reports indicate that the visitors are satisfied that the programmes continue to meet the standards of education and training.
