Quality Assurance
Performance Review Review Process

1. **Portfolio review**
   - HCPC works with the provider on portfolio areas to be addressed, and on the submission of their portfolio.

2. **Performance analysis**
   - HCPC assessment of the portfolio, to consider performance and themes to be further explored.

3. **Quality activities**
   - Proportionate exploration of themes identified to understand risks, issues, innovations, and good practice.

4. **Quality summary report**

5. **Findings review**
   - Presentation of findings from the assessment, which includes a recommendation about next steps to take with the provision.

Education and Training Committee review of the findings, with a decision on next steps.
