Enclosure 7

**Health and Care Professions Council
14 February 2019**

9 month reforecast

For approval

From Tian Tian, Director of Finance

Council, 14 February 2019

2018-19 Month 9 forecast

Executive summary and recommendations

Introduction

In the latest approved financial regulations document, it is recommended that as part of the change management controls, after initial approval of the annual budget, the Council should review and approve the month 6 and 9 forecast during the financial year.

The purpose of the review is to give the Council a better understanding of the year to date financial performances, as well as HCPC's plan for reallocation of the approved annual budget, in order to support the achievement the objectives of the corporate plan.

The next key steps in the budget/forecast process are:

- 14 February: Council approves the 2018-19 month 9 forecast and review first draft of the 2019-20 budget.
- 20 March: Council approves the 2019-20 budget.

Decision

The Council is asked to discuss and approve the 2018-19 month 9 forecast.

Resource implications

None directly

Financial implications

2018-19 budgets/resource allocation

Appendices

Appendix 1: commentary on 2018-19 month 9 forecast

Appendix 2: 2018-19 month 9 forecast tables

Date of paper

28 January 2019

Appendix 1: commentary on the 2018-19 month 9 forecast

Income

1. Forecast registrant fee income for 2018-19 is £34.4m, which is below month 6 forecast. Decrease in income is mainly resulted from a reduction in international scrutiny fees, which is caused by a reduction in the number of international applications being received than forecast (120 actual compared to 253 forecasted).
2. Other income is forecasted to be £81k, compared to £78k per month 6 forecast. This consists of income from European Professional Cards (EPC), which was not originally budgeted for. EPC is a one off fee professionals from European countries pay to be registered with us. In previous years this income has been allocated to the statement of financial positions instead of income statement, thus a higher income release in the current year. The EPC income does not form part of the registrant forecast model due to its unpredictable nature.
3. Rental income is forecasted to be in line with the month 6 forecast.
4. During the year, we have been receiving grant income from the Department of Education, for the social worker transfer project. Total grant income is forecasted to be £1m for the year, which equals the total expected spend on the project.
5. Bank interest, which is not included in the budget has been included in the forecast.

Expenditure

6. Budget holders have reforecast their outturn for 2018-19 based on actual costs incurred in the first 9 months of the year.
7. The context for the reforecast includes:
 - In September, the Council approved an extra £500k to the Fitness to Practise (FTP) department, to support their case progression strategy.
 - The original budget for 2018-19 was opex of £34.7m, capex of £2.8m and a deficit of £0.1m. The month 6 forecast result for 2018-19 was opex of £35.0m, capex of £1.7m and an overall deficit of £0.4m.
 - Slippage on Registration Project Phase 1 means that Phase 2 costs originally budgeted for 2018-19 will now fall mostly in 2019-20. Current year forecast includes costs for the requirement-gathering portion of the second phase.
 - Cost of the social worker transfer project has been included within operating expenditure. This should be netted off with the grant income and has no effect to our result for the year.
8. The month 9 forecast projects that for the full year, total expenditure will be £35.5m. Excluding the social worker transfer project, total expenditure is projected to be £34.5m; this is £225k under the original budget and £504k under month 6 forecast.

Department by department analysis

- Major projects: this is showing as £131k / 11% under spend compared to month 6 forecast. This is mainly due to changes in the nature of the CMS upgrade project,

as the system will be replaced rather than enhancement being built on top of the existing system, the amount of work required in the current year has reduced. There has also been delays in commencement of a number of projects, such as the Sage and WAP replacement project.

- Registration: under spend of £100k / 3% compared to month 6 forecast, this is mainly due to a reduction in International applicants, as assessors fees are directly correlated to the number of application. In addition, the month 6 forecasted cost for printing and stationery was overestimated, this is now been corrected.
- Communications: under spend of £87k / 10% compared to month 6 forecast; this is mainly due to restructuring in the team, which resulted in reduction of planned staff level. Changeover in staffing also meant that posts were vacant for longer period.
- Project manager costs: £57k / 16% underspend compared to month 6 forecast; this is mainly due to delays in recruiting the head of projects role.
- Human resources: £45k / 4% underspend compared to month 6 forecast, this is partly due to the transfer of a FTC role to social worker transfer project. Recruitment fees are linked to the demand of the organisation and it has come in lower than previously forecasted.

Write offs

9. A portion of the registration transformation project cost is expect to be written off by the end of the year, this is due to a support issue for the original portal that the system was originally built on. The financial impact is estimate to be £183k.

Surplus / (deficit)

10. The overall position is a forecasted surplus of £44k, compared original budget deficit of £95k, and a deficit of £382k per month 6 forecast.

Capital expenditure

11. Forecast capital expenditure is £1.5m compared with month 6 forecast of £1.7m and budget of £2.8m. This is mainly due to changes in the nature of the CMS review project and delays in a number of major projects, which included phase 2 of the registration transformation project.

Cashflow and balance sheet

12. The cashflow forecast shows a net cash outflow for the year of £0.7m, this is lower than the budgeted outflow or £3.3m and month 6-forecasted outflow of £3.1m. This is due to a prudent approach to the original forecast; whereby assumptions were made that more social worker registrants will be switching to payment via Direct Debit instead of 2 years in advance due to the uncertainties around the transfer date. Following the renewal, this was proven be too cautious.

13. We are required to revalue freehold land and buildings each year for our statutory accounts. The valuation will be done in March 2019. The balance sheet therefore does not include adjustment result from the valuation.

Reserves

14. Our reserves policy sets a target range of free reserves of between negative three and zero months' operating costs. Our budgeted free reserves at 31 March 2019 are negative 2.0 months operating costs and based on the month 9 forecasted operating and capital expenditures will increase to negative 1.4 months operating costs. This is still within our target range.
