QA Partnership Working Arrangements

Dear Marc,

In order to continue our successful partnership working arrangements and following our recent discussion, I would be grateful if you could confirm who will be the future HPC representatives on these groups.

I have enclosed details of the dates of future meetings, and the current nominated HPC representatives. Diane Waller has suggested this would be an appropriate agenda item for the next education and training committee meeting.

We do understand the time constraints some members have been under due to HPC commitments, but are keen to finalise this membership for the future. Therefore, it would be helpful if we could have your confirmed nominations following the next HPC training and education meeting on 30 July, by early August.

We look forward to continued collaborative working for the future.

With best wishes

Yours sincerely

Sandy Goulding
