Guidance for Panel Chairs

In deciding whether to agree to continuing approval of a programme, the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' reports and any other documentary evidence.

The Visitors' reports are only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision.

Decision:
That the programmes on the attached list have successfully completed an annual monitoring audit and continue to meet the standards of education and training. The programmes should continue to be approved
Reasons
The visitors' reports indicate that the visitors are satisfied that the programmes continue to meet the standards of education and training.
