<b>Mode of delivery</b>	Full time
<b>Relevant part of the HCPC Register</b>	Hearing aid dispenser
<b>Date of submission to the HCPC</b>	5 November 2014
<b>Name and role of HCPC visitors</b>	Richard Sykes (Hearing aid dispenser) Liz Ross (Hearing aid dispenser)
<b>HCPC executive</b>	Mandy Hargood

### Section two: Submission details

#### Summary of change

SET 3: Programme management and resources

The programme is to be restructured. The programme will now run over a fifteen month period including the summer break to meet external stakeholder demands.

The following documents were provided as part of the submission:

- Major change notification form (completed by the HCPC executive)
- Context pack
- Major change SETs mapping document (completed by education provider)
- Programme specification
- Revised Structures to Foundation Degree in Hearing Aid Audiology

### Section three: Additional documentation

- The visitors agreed that no further documentation was required in order to make a recommendation.
- The visitors agreed that additional documentation was required in order to make a recommendation. The standards of education and training (SETs), for which additional documentation was requested, are listed below with reasons for the request.

#### 3.9 The resources to support student learning in all settings must effectively support the required learning and teaching activities of the programme.

**Reason:** Whilst the students will be monitored by practice placement educators within the new programme structure, from the documentation provided the visitors were unclear as to how the education provider will support the students as required during the summer months.

**Suggested documentation:** The visitors would like to see further evidence outlining how the education provider staff will be available to support students during the summer months under the new programme structure.

### Section four: Recommendation of the visitors

To recommend a programme for ongoing approval, the visitors must be assured that the programme meets all of the standards of education and training (SETs) and that those who complete the programme have demonstrated an ability to meet our standards of proficiency (SOPs) for their part of the Register.

The visitors agreed to recommend to the Education and Training Committee that:

- There is sufficient evidence to show the programme continues to meet the standards of education and training and that those who complete the programme will continue to demonstrate an ability to meet the standards of proficiency.
- There is insufficient evidence to determine if or how the programme continues to meet the standards of education and training listed. Therefore, a visit is recommended to gather more evidence and if required place conditions on ongoing approval of the programme.

### Section two: Submission details

#### Summary of change

SET 3: Programme management and resources

SET 5: Practice placements

Currently the programmes are approved for 35 full time students. The education provider wishes to increase that to 50 full time students. This has implications for the management and resources and for the provision of practice placements.

The following documents were provided as part of the submission:

- Major change notification form (completed by the HCPC executive)
- Context pack
- Major change SETs mapping document (completed by education provider)
- Appendices 1 and 2 listing current and future proposed staffing for the programmes
- Appendix 3 Details of the role of the Associate Lecturer (Academic Supervisor) posts

### Section three: Additional documentation

- The visitors agreed that no further documentation was required in order to make a recommendation.
- The visitors agreed that additional documentation was required in order to make a recommendation. The standards of education and training (SETs), for which additional documentation was requested, are listed below with reasons for the request.

Following receipt of the documentation, the visitors made a final recommendation which can be found in section four.

#### **3.8 The resources to support student learning in all settings must be effectively used.**

**Reason:** After reviewing the submitted documentation, the visitors were unable to determine how the education provider will support students learning with the increased student numbers. The visitors require further evidence on how the current provision for learning resources will remain appropriate to support the increase to student numbers, or, any changes that will be made to the current provision of learning resources to support the increase in student numbers and how this will be actioned.

**Suggested Documentation:** Mapping current resources against the proposed increase to student numbers to evidence how current resources remain adequate to support the increase to student numbers. Or, lists of any amendments to resources and how any additional support needed has been scoped, together with details.

#### **5.2 The number, duration and range of practice placements must be appropriate to support the delivery of the programme and the achievement of the learning outcomes.**

**Reason:** The education provider has stated that they intent to recruit four additional academic supervisors in the placement setting to support the increase to student numbers. However, the education provider has not provided any evidence on how the increase to student numbers may impact the availability of placements to students. The visitors require evidence of how the current provision for placements will remain appropriate to support the increase to student numbers, or, any changes that will be made to the current provision of placements to support the increase in student numbers and how this will be actioned.

**Suggested Documentation:** Mapping of the range, duration and number of placements against the proposed increase to student numbers to evidence how the current placement provision remains adequate to support the increase to student numbers. Or, lists of any amendments to placement provisions to support the proposed increase to student numbers.

#### **Section four: Recommendation of the visitors**

#### Summary of change

SET 3 Programme management and resources

The education provider has highlighted that the course director has changed to Peter Woodford.

The following documents were provided as part of the submission:

- Major change notification form (completed by the HCPC executive)
- Context pack
- Major change SETs mapping document (completed by education provider)
- Curriculum vitae for Peter Woodford

### Section three: Additional documentation

- The visitor agreed that no further documentation was required in order to make a recommendation.
- The visitor agreed that additional documentation was required in order to make a recommendation. The standards of education and training (SETs), for which additional documentation was requested, are listed below with reasons for the request.

#### **3.4 There must be a named person who has overall professional responsibility for the programme who must be appropriately qualified and experienced and, unless other arrangements are agreed, be on the relevant part of the Register.**

**Reason:** The visitor noted the education provider has submitted information regarding the change of course director. The visitor was unable to determine if the new course director's experience is suitable for the course director role. Specifically, the chronological flow of the experience does not clearly identify the duration or currency of the academic roles undertaken. In addition to this, the education provider listed job roles within the department to evidence this standard. Whilst job roles have been listed, they do not identify the description of activities or responsibilities. Therefore, the visitor was unable to determine whether the new course director is appropriately qualified and experienced.

**Suggested documentation:** Further evidence and detail of the new programmes leaders experience to determine whether they are appropriately qualified and experienced.

#### **Section four: Recommendation of the visitor**

To recommend a programme for ongoing approval, the visitor must be assured that the programme meets all of the standards of education and training (SETs) and that those who complete the programme have demonstrated an ability to meet our standards of proficiency (SOPs) for their part of the Register.

The visitor agreed to recommend to the Education and Training Committee that:

- There is sufficient evidence to show the programme continues to meet the standards of education and training and that those who complete the programme will continue to demonstrate an ability to meet the standards of proficiency.
  
- There is insufficient evidence to determine if or how the programme continues to meet the standards of education and training listed. Therefore, a visit is recommended to gather more evidence and if required place conditions on ongoing approval of the programme.

#### Summary of change

SET 3 Programme management and resources

The education provider has highlighted that the course director has changed to Peter Woodford.

The following documents were provided as part of the submission:

- Major change notification form (completed by the HCPC executive)
- Context pack
- Major change SETs mapping document (completed by education provider)
- Curriculum vitae for Peter Woodford

### **Section three: Additional documentation**

- The visitor agreed that no further documentation was required in order to make a recommendation.
- The visitor agreed that additional documentation was required in order to make a recommendation. The standards of education and training (SETs), for which additional documentation was requested, are listed below with reasons for the request.

**3.4 There must be a named person who has overall professional responsibility for the programme who must be appropriately qualified and experienced and, unless other arrangements are agreed, be on the relevant part of the Register.**

**Reason:** The visitor noted the education provider has submitted information regarding the change of course director. The education provider has not provided sufficient information regarding the new course director's experience in respect of suitability for course director. While job roles have been listed, they do not identify the description of activities or responsibilities. The chronological flow of the experience does not clearly identify the duration or currency of the academic roles undertaken. Therefore, the visitor was unable to determine whether the new course director is appropriately qualified and experienced.

**Suggested documentation:** Further evidence to determine whether the new course director is appropriately qualified and experienced.

#### **Section four: Recommendation of the visitor**

To recommend a programme for ongoing approval, the visitor must be assured that the programme meets all of the standards of education and training (SETs) and that those who complete the programme have demonstrated an ability to meet our standards of proficiency (SOPs) for their part of the Register.

The visitor agreed to recommend to the Education and Training Committee that:

- There is sufficient evidence to show the programme continues to meet the standards of education and training and that those who complete the programme will continue to demonstrate an ability to meet the standards of proficiency.
  
- There is insufficient evidence to determine if or how the programme continues to meet the standards of education and training listed. Therefore, a visit is recommended to gather more evidence and if required place conditions on ongoing approval of the programme.
