

Education and Training Committee Panel

Programmes in respect of which approval/ongoing approval is recommended subject to conditions, where the education provider has made observations on the visitors' report

Programme name	Qualification in Educational Psychology (Scotland (Stage 2))
Education provider	British Psychological Society
Mode of delivery	FLX (Flexible)
Assessment ref	APP02297
Date of decision	27 January 2021

Panel: Maureen Drake (Chair) Kathryn Thirlaway
Penny Joyce

Decision:
That the visitors' report (including the conditions and recommendation in the report) should be accepted.
Reasons
<p>The Panel noted the visitors' report and observations submitted by the education provider. The Panel considered that in their observations, the education provider had provided references to documentation that had not been referred to in the visitors' report. The Panel noted they had not received these documents and how the role of Panel was not to consider additional evidence to determine if standards had been met.</p> <p>The Panel considered the observations did not provide sufficient grounds for the report to be amended. They felt the observations should be submitted to the visitors alongside any additional documentation the education provider submits in response to the conditions.</p>
