Registration – Richard Houghton

Summary

This paper provides an update from the Registration Department for the period 1 July 2009 to 31 August 2009.

1) Operational Performance

a) Telephone Calls

The Registration Department answered 98.5% of all calls within 30 seconds which exceeds our service standard of answering 80% of calls within 30 seconds.

i) UK Telephone Calls - During the period from 1 July 2009 to 31 August 2009 the team received a total of 22,228 telephone calls which is 1,796 less than the same period two years ago and 98.5% of these calls were answered. The team answered 2,750 more calls when compared to the same period two years ago.

ii) International Telephone Calls - During the period from 1 July 2009 to 31 August 2009 the team received a total of 2,009 telephone calls which is 169 more than the same period one year ago and 98.5% of these calls were answered.

b) Application Processing

i) UK Applications - A total of 3,878 new applications were received during this period and 3,653 individuals were registered, which is 110 less than the same period last year. Applications took on average 5 working days to process which is well within our service standard of processing applications within ten working days of receipt.

Applications for readmission also took on average 5 working days to process which is well within our service standard of processing applications within ten working days of receipt.

ii) International Applications - A total of 196 new international applications were received in this period and 230 individuals were registered which is 9 less than the same period last year. Applications were on average being processed within six weeks of receipt which exceeds our service standard of processing applications within three months of receipt of all documents.

iii) Grandparenting Applications – As at the 31 July 2009 the department had received 9 grandparenting applications.

c) Emails

i) UK Emails - The team received approximately 60 emails per day and responded to these on average within one the day of receipt which is well within our service standard of five working days.

ii) International Emails - The team received approximately 20/30 emails per day and managed to respond to these on average between one and two days of receipt which compares favourably with our service standard of five working days response time.

d) Continuing Professional Development (CPD) Audit

We requested CPD profiles from 2.5 per cent of clinical scientists, prosthetists & orthotists and speech and language therapists at the beginning of July 2009. There were three

assessment days during this period and 191 paramedic and orthoptist profiles were assessed.

We also requested CPD profiles from 2.5 per cent of occupational therapists at the beginning of August.

2) Resource

a) Employees

The department is operating within the budgeted headcount.

b) Registration Renewals

At the start of June, all registered paramedics and orthoptists were invited to renew their registration for the next two-year cycle. Registrants were given until 31 August 2009 to renew their registration for the 2009/11 registration period. Of the number originally invited to renew registration, 2.6% of paramedics and 4.6% of orthoptists lapsed from the Register.

Comparing this to two years ago, the improvement is clear; 6% of paramedics and 7% of orthoptists lapsed in 2007. This improvement is as a result of the new processes the Registration

Department has introduced in making every attempt to contact registrants where we have received returned mail containing renewal notices and writing to employers four weeks before lapsing advising them that a registrant has not renewed their registration. We have also worked closely with the Communications Department and the professional bodies to raise awareness of the renewal period.

At the start of July, 17,552 renewal forms were sent to clinical scientists, prosthetists & orthotists and speech and language therapists. As at 1 September 2009 13,891 renewal forms had been returned to HPC.

At the start of August, 30,548 renewal forms were sent to occupational therapists and 15,526 renewal forms to practitioner psychologists. As at 1 September 2009 11,376 renewal forms had been returned to HPC from occupational therapists and 3,662 from practitioner psychologists.

The department has continued to work with the Communications Department to improve the renewal forms return rate and during the period representatives from both departments met with the The British Psychological Society and The College of Occupational Therapists.

Facilities Management – Steve Hall

Staffing

There are six permanent employees including the Facilities Manager. Services provided include Reception, Building Maintenance, Post Room, Catering, Health & Safety, Insurance and Building Project Management.

22-26 Stannary Street Building Project

The Phase 2 Project is progressing well and it is anticipated that the building will be handed over on 7 September, 3 weeks ahead of the Contracted date.

The new furniture will be installed on 14 September and the space will be occupied by Policy and Project Management from 15 September. The Cost Consultants report that the project is on budget.

We now have a signed agreement from the contractors responsible for Phase 1 agreeing to the final account. A final sum of £30,368.12 is due once all outstanding snagging items have been signed off as completed to the satisfaction of HPC's Architects.

Other building works

Following a burglary on 2 August when HPC lost 5 laptop computers, additional access control points will be installed within the premises, with installation expected early in October 2009.

The replacement boiler to Park House has been installed and commissioned along with the replacement windows to the Park House Kitchen.

Business Process Improvement – Roy Dunn

Human Resources

No changes.

Quality Management System (QMS) review meetings and internal audits

An internal audit schedule for 2009-10 is ongoing

The HR Employees processes have been audited and are being refreshed. Information Security arrangements are being evaluated in light of the Poynter Review.

The Finance department will audited in September.

Analysis of Feedback and Customer Service are continuing on a monthly basis.

Mapping Facilities processes in greater detail is continuing.

Mapping Communications processes in greater detail is continuing.

QMS process updates

Information Security parameters are being evaluated to match ISO27001 and CISMP as best practice.

Finance department processes are being reviewed by Gary Butler, prior to any changes.

Information Risk training materials have been obtained from “Banking” contacts. These are be used as part of the induction process for new employees. Further material is under development.

BSI Audit

Risk management, outsourced suppliers and Information Technology are now automatically included in all organisations Quality Management System’s scope.

The next audit by BSI will be on 22nd October 2009. This will include Communications, Customer Service, Finance and Grandparenting.

Business Continuity

Updated contact details for the Business Continuity Plan are being circulated to those on the circulation list. Low level plans around pandemic response have been prepared.

Information & Data Management

Continued planning is taking place around integration of all intranet based information sources, Springfield, QMS and “Intranet” in conjunction with Tony Glazier in Communications.

Archive relocation – awaiting finalisation of insurance cover for the archived materials in transit. This is dependant on the outcome of our Poynter response document. An audit of part of the archive is taking place, to improve document security.

Tom Berrie has produced a document on the ethical aspects of CPSM’s work. This is being validated before publication.

Risk Register

Risk owners have completed updates to the Risk Register. The latest version is published this month.

Further detail has been added to clarify some risks.
