- 10.3 The Committee discussed the web site development cycle. It was noted that longer term, a new web platform is needed to meet the requirements of the HCPC and that a project would be undertaken, but that in the meantime, it was important to keep the current website up to date and relevant to stakeholders.
- 10.4 The Committee noted the report.

Item 11.13/33 Operations report (report ref: FRC 23/13)

- 11.2 The Committee noted the accompanying tabled papers which contained graphs illustrating renewal information.  - during the reporting period, Registrations received approximately 160 emails per day compared to approximately 100 emails per day during the same period two years ago;

 - the next BSI audit is scheduled for the 2 May. This will complete the current 3 year audit cycle; and
 - the collection of data on the HCPC's information assets continues. These assets are scored for risk and mitigation measures will be considered.

be amended in light of this. The amended plans will be presented informally again shortly. It was noted that great focus has been put on producing detailed and accurate plans to reduce the likelihood of later amendments and the potential cost implications of this.

- 12.3 The Committee noted the following points;
- it is anticipated that income will increase by £4.6m, and expenditure will increase by £4.2m. The budget includes a full year estimate for Social Workers, on the register from August 2012.
 - The forecasted cash flow balance will remain above the reserves policy target.
 - It is anticipated that 15 major projects take place in 2013-14; and

- 12.5 The Committee discussed the increasing proportion of the budget allocated to Fitness to Practise. It was agreed that the figure was appropriate considering that the amount allocated to High Court appeals remained low.
- 12.6 The Committee requested a list of projects that did not make the budget for 2013-14 be presented at its next meeting.

 - meet the expectations of the organisation (for example, refining the processes and develop reporting for the new service desk tool).

- 15.4 The Committee agreed to recommend the workplan to the Council for approval.

Item 18.13/40 Human Resources workplan 2013-14 (report ref: FRC 29/13)

- 18.1 The Committee received a paper for discussion/approval from the Executive.
- 18.2 The Committee noted that the most significant area of work for the Department in 2013/14 would be the major project to review all HR and Partners processes and IT systems. The aim of this project is to create and maintain processes and systems which are efficient and fit for purpose.
- 18.3 The Committee noted that in 2013-14;
- employee recruitment and selection would continue to form a significant part of the department's workload in 2013/14. Employee numbers are projected to rise by around 5% (or 12 new posts). Annual turnover is forecasted to remain at around 12%;
 - the Department will review, and if possible, enhance the role of the Employee Consultation Group to support growing employee numbers;
 - the Department will carry out and analyse the findings of an organisation-wide employee engagement survey (to follow on from organisation-wide surveys run in 2009 and 2011);
