

Fitness to Practise Forum 17 September 2008

CHRE report on Nursing and Midwifery Council

Executive summary and recommendations

Introduction

At its meeting on 3 July 2008, the Council agreed that the CHRE report on the performance of the Nursing and Midwifery Council should be considered at the next meeting of all HPC's committees and that each committee should consider what actions it would request the Executive to take forward as a result of this report. It was also agreed that a list of those actions would be brought back to the Council to agree how they should be prioritised.

Decision

The Forum and the Committees are asked to discuss the report and consider whether the report has any implications for HPC and, if so, agree a list of those actions to be considered by Council for prioritisation.

Background information

As part of the agenda for the 17 September 2008 forum, there is a paper updating the forum of the progress that has been made in respect of the fitness to practise departmental work plan. The forum may wish to consider this document when considering what actions the Executive should take forward

Resource implications

If there are any recommendations for the Executive in the current financial year 2008-9 which fall outside of the current work plan, resource implications will need to be considered.

Financial implications

If there are any recommendations for the Executive in the current financial year 2008-9 which fall outside of the current work plan, financial implications will need to be considered.
