

## **CPD further information contents**

Executive Summary and Recommendations

### **Introduction**

To move forward the work of the PLG, it is suggested that the group should discuss, in the light of the preceding papers, the content of the document(s) needed, and to suggest ideas for section headings.

The Policy Manager will then collate these ideas into a draft contents page, which will be circulated to the members of the group by email for their comments.

This draft contents page will then form the basis for a first draft, which will be on the agenda of the next meeting.

### **Decision**

The group is asked to discuss the information needed in the document(s).

### **Background information**

None.

### **Resource implications**

None.

### **Financial implications**

None.

### **Background papers**

None.

### **Appendices**

None.
