

Executive Summary and Recommendations

Introduction

This paper is provided to the Committee so that it is aware of the guidance provided to assessors.

Decision

The paper is for information only. No decision is required.

Background information

Since the commencement of the Registration appeals process certain trends have appeared in the nature of the appeals being received, in particular the bases on which applicants are being rejected. The enclosed letter has been drafted following advice from the Council's legal advisor; additional information has been taken from the Registration appeals database.
