

Executive Summary and Recommendations--Assessors

Introduction

At the last meeting of the Registration Committee it was agreed that the Executive would provide information regarding the number of Registration Assessors that were being used.

Having made a recent review of the figures, the following paper is provided as information to the Committee

Decision

The Committee is requested to note the document. No decision is required.

Background information

Registration Assessors are used to assess the paperwork submitted by International and Grandparenting applicants. All assessors are appointed by the same standard process used for all HPC Partners and are then subsequently trained before they are used by respective HPC departments.

In the case of all Registration Assessors, on-going training is provided on a 6-monthly basis approximately. The first HPC Partner Conference will take place this September and is in lieu of scheduled training dates by profession.
